

Image sizes table/comparison

The purpose of this table is to avoid applying changes across the whole platform if there are differences per theme.

TI SG and TI Marine themes are in development at the moment.

Component	ISOVER	ISOVER DE	SGCC	Placo	BG	Isover TI	TI SG (same as "Saint-Gobain Marine theme)	TI Marine
Product panel page	300x200 Images scaled						600x400 Images scaled	600x400 Images scaled
Product image on product page	700x800 Images scaled and cropped	500x375 Images scaled		600x400 Images scaled			385x260 Images scaled and cropped	385x260 Images scaled and cropped
System / specification panel page	300x200 Images scaled						420x360 Images scaled and cropped	420x360 Images scaled and cropped
Editorial panel page	450x300 Images scaled				450x300 Images scaled and cropped	450x300 Images scaled	800x450 Images scaled	800x450 Images scaled
Case study panel page	450x300 Images scaled and cropped					450x300 Images scaled	600x400 Images scaled	600x400 Images scaled
"Related products" field on product page	300x200 Images scaled						240x160 Images scaled	240x160 Images scaled
"Related content" paragraph - Default layout	450x300 Images scaled and cropped			450x300 Images scaled		960x540 Images scaled and cropped	360x240 Images scaled and cropped	360x240 Images scaled and cropped
"Related content" paragraph - Basic slider layout	1300x1300 Images scaled	640x480 Images scaled and cropped		1300x1300 Images scaled	640x480 Images scaled and cropped	630x473 Images scaled and cropped	600x400 Images scaled and cropped	600x400 Images scaled and cropped
"Related content" paragraph - Related case studies layout	1300x1300 Images scaled	960x640 Images scaled and cropped		1300x1300 Images scaled	960x640 Images scaled and cropped	450x300 Images scaled	230x230 Images scaled and cropped	230x230 Images scaled and cropped
"Related content" paragraph - Related products ans systems layout	300x200 Images scaled	450x300 Images scaled		300x200 Images scaled		450x300 Images scaled	230x230 Images scaled	230x230 Images scaled
